

# Bioeconomy breakfast seminars - 2020

**Curious about what's happening in the bioeconomy area? Our popular seminars will keep you updated on RISE activities.**

Let us inspire and inform you about interesting topics within the bioeconomy area during four seminars in 2020. Join us for fruitful discussions and complimentary breakfast live in Stockholm or at the webinar if it suits you better.

**Rewarding talks from both RISE and industry or academy every seminar.**

At each seminar both an expert from RISE and an invited expert from industry or academy will give a talk. The talks will be given in English.

**So please save the dates for the follow topics:**

**March 19: "Cellulose-based textiles"**

**June 4: "New demands on packaging producers"**

**September 24: "Biobarriers – the holy grail for sustainable packaging"**

**November 26: "FENIX 2025: Pilot transformation – from printing paper to packaging material"**

Please, feel free to extend our invitation to your bioeconomy colleagues.
