

# **PTFE in bike chain lubricating oils**

## **– essential use or future ban?**

Webinar, December 3, 2020

# Agenda

- Introduction to PFAS, their concerns and the promotion of PFAS-free alternatives – *Lisa Skedung, Project Manager at RISE and POPFREE*
- PTFE from a life cycle perspective and essential uses – *Ian Cousins, Professor at Stockholm University*
- PFAS regulation today and tomorrow – *Jenny Ivarsson, Strategic Advisor at the Swedish Chemicals Agency*

## Short break – 5 min

- PFAS Alternatives - Changing Forever to Never – *Jonatan Kleimark, Chemicals and Business Advisor at ChemSec*
- How to work with substitution – *Tonie Wickman, Senior Advisor at Swedish Centre for Chemical Substitution, RISE*

Finalize around 16:00 CET – we will stay for questions or discussion

# Practicalities

- Write questions in the chat during the presentations.
- Presentations (not the questions) will be recorded and are available after the webinar (link will be sent out).
- You will receive a short evaluation after the webinar
- Mobile ready - Menti
