Dr Jan Hoffmann, Head of Trade Logistics, UNCTAD

### Concluding remarks 2

HE Mr Kitack Lim, Secretary-General, IMO

Tuesday 28 June  
10:00–11:15  
Committee Room  
of the Conference venue

Reducing emissions is only part of making maritime logistics fit well in circular economies. This event endeavors to join the dots between sustainable maritime logistics and planetary boundaries.

The event will surface a range of concrete solutions on developments in carbon-neutral transport services, and sheds light on some of the gaps in current maritime transport policies.
